Ship's Steward Allegedly "Master Minded" Operations Of Cocaine Smugglers

By GERALD GREEN
(U. S. Staff Correspondent)

NEW YORK, Aug. 20.—U. S. narcotics agents claimed today the smashing of a \$5,000,000-a-year Peruvian-American cocaine smuggling ring, jailed the leader and fanned out across the United States to pick up 50 to 60 more gang members.

The ring was described as so powerful that it financed a dangerous—though defeated—revolt in Peru last year.

At least 80 persons were declared to be already in custody in Peru, including the wife of Eduardo Balazero, 48, held under \$100,000 in New York as the alleged smuggling kingpin.

Balazero, who gave his address as North Great River, L. I., was taken from the liner LaGuardia on Thursday night before it sailed for Italy. He was arraigned yesterday on a charge of conspiring to smuggle and transport narcotics.

Most Extensive
The narcotics bureau of the treasury department said that the ring headed by Balazero, a Peruvian who is a naturalized U. S. citizen, was the most extensive ever encountered in the bureau's history.

Assistant U. S. Attorney Joseph P. Martin said that the smashing of the multi-million dollar ring was accomplished through the cooperation of U. S. narcotics agents, Peruvian investigators and United Nations attaches. More than 80 persons were reported arrested in Peru in connection with the ring, and 50 to 60 others were said to be involved in the U. S.

Martin asserted that Balazero had taken the job as steward aboard the LaGuardia so as to contact Chano (Lucky) Luciano, now in Italy, on the prospects of smuggling heroin into the U. S.

The prosecutor said that in 1947, (Continued on Page Two)

Motorists desiring to get on Route 19 at Dixie Inn are finding the task is like driving on a maze as they leave old Route 422. The work at this point is not complete and motorists would be wise to use another entrance onto Route 19. The task can be accomplished but requires real driving skill.

Residents of the district who have been sleeping for the past few months with only a sheet or no bed clothing at all have been seeking out the blankets which have been resting quietly in the mothballs since early last spring. The cooler weather which has descended on the area has called for heavier outdoor clothing also.

Pastors of several local churches and some of the rural churches are winding up their annual vacation periods and are getting ready to launch into their fall work. Visiting pastors will be found in many pulpits on Sunday and the following Sunday.

Last night's temperature dropped down a little too close to the freezing point for most local folks. The official mark showed a snappy 42 degrees, but in some of the outlying sections, it was no doubt colder than that. A lot of people have been wishing for cooler temperatures, but they just don't want that that cool for a little while yet.

Mrs. Bertha Chmura of R. D. 2, Lowellville, O., brought a pretty little snake to the office of The News, which is believed to be a milk snake, or house snake. Rescue Vessels Speed To Assist Crippled Ships

HALIFAX, N. S., Aug. 20.—(INS)—Rescue vessels sped today to the assistance of two ships drifting helplessly in the rough waters of the North Atlantic.

One of the ships in distress was the tiny Baltic schooner Amanda, carrying 60 Latvian refugees including a mother and newborn child.

The Coast Guard cutter Unimak, diverted from her North Atlantic weather station, reported this morning it ought to reach the Amanda late this afternoon at a point some 480 miles southeast of Halifax.

Passengers aboard the Amanda are reported to be mainly persons fleeing from Communist-dominated Latvia.

The second ship in trouble was the Panamanian freighter Eugenia, which lost its steering gear about 80 miles southeast of Halifax. A Nova Scotia tug headed for the freighter and also expected to reach it late today.

The Amanda, when last seen, was wallowing in heavy seas with her auxiliary engines apparently out of commission. The schooner sailed from Göteborg, Sweden, more than a month ago and was due in Halifax ten days ago.

Tunnel Tragedy Death Toll Is 48

SEOUL, Aug. 20.—(INS)—Deaths in Seoul's freak tunnel catastrophe were computed today at 48, seven more than first reports indicated.

The casualties were the result of general panic and suffocation when a passenger train stalled because of a broken coupling in a narrow two-mile tunnel south of Seoul Thursday night.

Gen. C. L. Burpee of Jacksonville, Fla., chief adviser to the transportation ministry said some of the victims were trampled to death in the general panic but that "judging from all available information, the majority of deaths may be chalked up to panic."

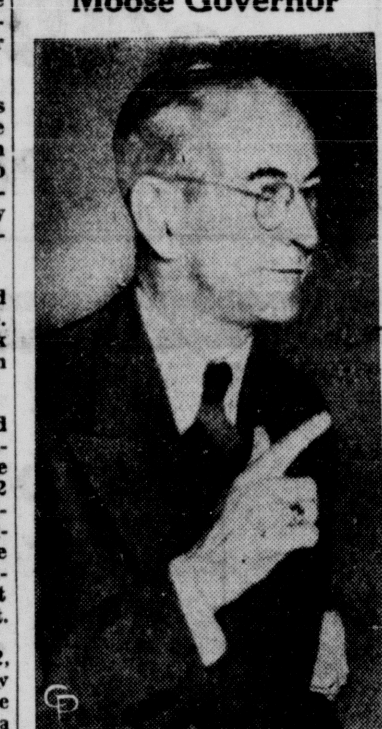

Gen. Burpee said carbon dioxide gas from coal burning in the engine of the train was not as deadly as carbon monoxide and "if the people had been calm and orderly, the asphyxiation toll wouldn't have been nearly as high."

He said a board would be appointed to investigate the accident.

Truman To Try Again For Welfare Program

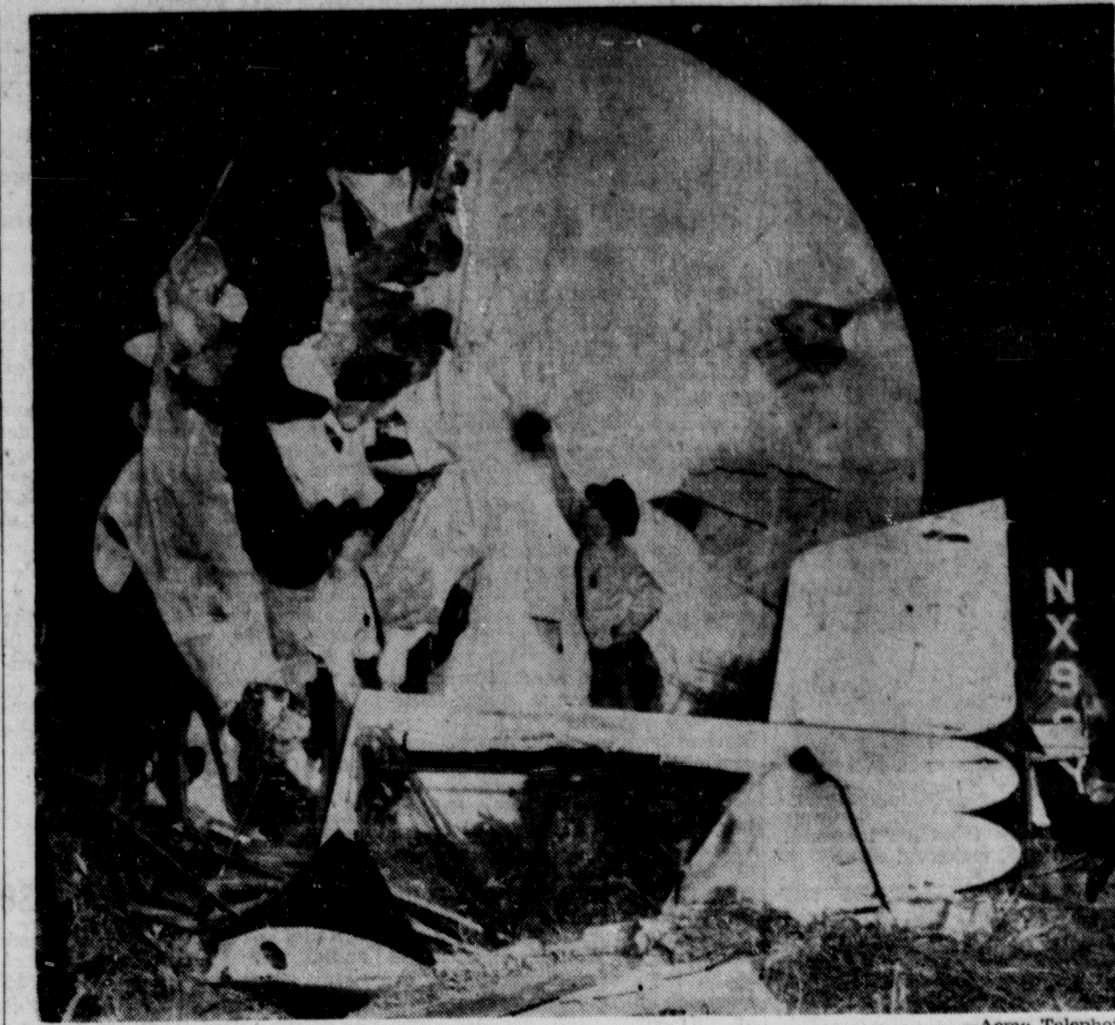

By Robert G. Nixon
(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—(INS)—President Truman intends today to resubmit his rejected program for a new department of welfare to the next session of Congress.

White House sources said Mr. Truman will make a strongly-worded recommendation for his program—reorganization plan No. 1—in his state of the union message next January.

The President then is scheduled to send a special message to the Senate and House embodying his demands for a cabinet-rank welfare department to house all federal welfare functions.

The new executive department would include the federal security

Hawaiian Strike Parley Snagged; U.S. Aid Is Asked

By DAN McGUIRE
(U. S. Staff Correspondent)

HONOLULU, Aug. 20.—The CIO Hawaiian Longshore strike settled back into a stalemate today amid repercussions spreading to mainland waterfronts on both coasts. Negotiations between union and employer representatives broke off after four days of discussion and both sides appealed to Washington for aid in ending the 112-day-old shipping paralysis.

A request for Cyrus Ching, chief of the U. S. mediation service in Washington, to come to Honolulu was signed by Harry Bridges, Longshore chief, and employer representative W. Russell Starr.

Both reported negotiations "hopelessly deadlocked." (In New York meanwhile officials of the American Radio Association representing radio officers on all Pacific coast shipping lines announced their members will not cross Longshore picket lines or man ships worked by non-union stevedores in Hawaii.)

Reactions of shipping groups to the order in Honolulu were not immediately available.

(Also in New York, the first ship loaded by government employees under the island's hard hitting dock seizure law, was unloaded by AFL Longshoremen.

A police guard was stationed to watch the operation of the ship, the Isthmian Lines Steel Flyer, but there were no "incidents.")

The territorial legislature recessed yesterday until September 12 after passing a resolution asking the attorney general to punish "without delay" all violations of the emergency strike legislation.

JUST A STROLL

PHILADELPHIA, Aug. 20.—(INS)—Alvin Floyd Bergman, 62-year-old barber, planned an early rising for a stroll to Atlantic City, N. J., today.

Bergman said he wasn't tired despite completing a 340-mile walk from Pittsburgh to Philadelphia last night.

He hopes to reach Atlantic City by nightfall "to see those bathing beauties." Bergman credits his endurance to a diet of vegetables and no starches.

Bides Time

Mr. Truman is biding his time while homesick legislators struggle to dispose of pending bills and adjourn.

White House confidantes say the President's chief reason for holding his fire is that reorganization plans must remain before Congress for 60 days before becoming law.

Even the most pessimistic members of Congress do not expect the current session to continue beyond half that time.

WASHINGTON, Aug. 20.—(INS)—Air Force official said today he believes that a missing Maryland inventor may have been responsible for the mysterious "flying saucers" reported sighted throughout the nation in 1947 and 1948.

An intensive search has been launched for Jonathan Caldwell, the inventor, who disappeared in 1941. Police advanced the theory that he may have been a frustrated inventor who was blocked in his attempt to develop a new type of plane.

The search for Caldwell was touched off by the finding of two weird discs—described as definite prototypes of the "flying saucers"—in a tobacco barn near Baltimore yesterday.

"10 Years Ahead"

A mechanic who claims to have worked with the missing inventor told authorities that Caldwell designed the strange discs. He described Caldwell as being "10 years ahead of his time" in the field of aircraft design.

Commenting on the search for Caldwell, an Air Force official said: "I personally think he went to some other parts of the country and developed new planes along (Continued on Page Two)

Try To Smoke Out Five Percenters

By DARRELL GARWOOD
(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—(INS)—The government moved today to smoke out "five percenters" by requiring businessmen to state whether they are paying anyone a fee to obtain federal contracts.

Jess Larson, administrator of the new Government Services agency, said the policy will be applied in government purchasing as far as possible.

Other sources reported that GSA already is conferring with other federal agencies on forms to be used in showing where so-called "influence peddlers" are operating.

Name Agent

The plan is to have a manufacturer who sells to the government state in his contract whether he is paying anyone a "contingent fee" for helping him obtain the contract.

Larson pointed out that this will provide a record to show when a "five percenter" receives fees from a wide variety of contracts, or from contracts coming from a single source.

The government could also deduct from payments or bids any fees deemed unjustified, and could prosecute for income tax violations if unrecorded fees were paid.

Larson said that no action by Congress is necessary. He said the government already has authority to require the information and to prosecute for false statements in contracts.

An estimated 5,000 persons will march in the Elks parade Thursday, according to state association president John T. Gross, of Allentown.

Dulles Suggests Change Of Tactics On Arms-Aid Bill

By ROSE McKEE
(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—Sen. Dulles (R, N. Y.), suggested today that the administration change tactics to win Senate approval of an arms-aid bill more acceptable to President Truman than the House-passed measure.

The Republican foreign policy spokesman said the administration should "take a more flexible attitude" toward Senate committees handling the foreign military aid bill.

He said this would "avoid" the "brutal method" of the House in approving only half of the \$1,160,990,000 asked by the President for arming western Europe.

The New Yorker joined Senate armed services committee Chairman Tydings (D, Md.), and Senate foreign relations Chairman Connally (D, Tex.), in denouncing the House slash.

The administration is counting on the Senate to restore the funds for European signatories to the North Atlantic pact.

Dulles' call for a "more flexible attitude" is interpreted as a bid for administration acceptance of the more moderate \$100,990,000 cut in the European phase of the program advocated by himself and Sen. Vandenberg (R, Mich.).

Tydings termed the House slash was a "mistake." He said: "A poor defense is worse than none. Unless a defense is strong enough to do some good, it is money down the rat-hole."

Tydings suggested he might accept (Continued on Page Two)

40 Unit Low Rent, Housing Bid Made

Application has been made by an unnamed New Castle building firm with the State Planning Board for the construction of a 40-unit low-rent housing development in the first ward, New Castle.

Recent legislation passed in Harrisburg established the planning board to facilitate building more adequate housing for the commonwealth. A subsidy program set up under this plan allows the state to grant up to 35 per cent of the costs of construction of dwellings to private builders or governmental agencies whose plans meet with the approval of the board. Maximum allocations were earmarked for nine areas in the state.

Subsidies will be made to interested parties through bids in which they will indicate the amount of state-needed help.

Estimate \$300,000

A tentative estimate of the cost of the project here, not yet submitted to Harrisburg, is \$300,000. The project would consist of a garden-court development of multiple-unit brick buildings. It is estimated that there would be six (Continued on Page Two)

Attempt To Move DP Bill To Meet With Resistance

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—(INS)—The Senate's judiciary committee chairmen served notice today that an attempt to take the displaced persons bill from his group would accept Senate in session "until doomsday."

Sen. McCarran (D, Nev.), took this attitude toward an impending bi-partisan proposal to remove the legislation from judiciary committee jurisdiction.

Implying a filibuster, McCarran declared: "If they try that, they will find they'll be here until doomsday. It will take a lot of talk to make them understand that bill."

The way was cleared for discharge action when advocates of the DP bill tried and failed by a 5-2 vote to spring House-passed legislation broadening DP admissions from a judiciary subcommittee.

Sen. Ferguson (R, Mich.) made the motion in committee so the record would be clear when the issue reaches the floor.

Bi-Partisan Move

He said that a bi-partisan move to discharge the committee from further consideration of the measure will be made Tuesday in the Senate itself. Sen. Myers (D, Pa.), echoed this promise.

This motion must rest one legislative day before it can be voted upon under Senate rules.

Sen. Ives (R, N. Y.), another of the "force" group, said that in no event will an effort be made to call up the bill before all appropriations bills have been passed.

Ives said that the names of all Republicans who will sign the discharge petition already are in the hands of majority leader Lucas (D, Ill.).

Once discharged from committee the bill would go on the calendar and require a section motion to bring it to a vote for passage.

Shinwell Scoffs At Decline Talk

ASPATRIA, Eng., Aug. 20.—(INS)—War Minister Emanuel Shinwell lambasted "sneering references to Britain's decline" today and declared that England's greatness is in the present and future, not merely the past.

The fiery Laborite minister said that obituaries on Britain are "sheer nonsense" whether they originate abroad or at home. He added:

"The game of twisting the lion's tail is risky and may recoil on those indulging in this pastime."

The war minister, in a speech at Aspatria in northwest England, declared:

"Now when we have almost exhausted ourselves in six years of war and find ourselves in a grave economic position, our magnificent efforts in the past have been overlooked."

"The suggest that Britain is played out is sheer nonsense." Shinwell said that Britain's productive capacity has increased since the end of the war "far beyond anybody's expectations."

He added that Britain would have done even better were it not for "the obsolete equipment in nearly all industries" because of the war.

Shinwell said that Britain has spent large sums on social services adding "but even if other countries lag behind, that is no reason why Britons should not benefit."

(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—(INS)—A Senate "five per cent" probe said today he will ask a full inquiry into reports that Maj. Gen. Harry Vaughan once intervened in connection with federal curbs on use of grain by distillers.

Sen. Mundt (R, S.D.), expressed an interest in reports that President Truman's military aide telephoned Nathan Koenig, Agriculture Department official, concerning the restrictions in 1946.

The department clamped down on grain consumption by liquor manufacturers because of a tight grain supply.

Sicilian Police Hunt 'Robin Hood'

PALERMO, Aug. 20.—(INS)—Sicilian police, spurred by the slaying of eight of their comrades by desperado Salvatore Giuliano, today intensified search for the self-styled "Robin Hood."

The youthful Giuliano and his band attacked a police station near Bellocampo, five miles southeast of Palermo. When Carabinieri reinforcements arrived the bandits fled, dropping anti-tank mines along the route of withdrawal.

A pursuing truck hit one of the mines in the darkness and was blown up, killing eight, seriously wounding another eight and slightly injuring two others.

Industry Intends To Battle Ruling Through Courts—May Take Years

COMMISSION INVITES SCRAP

By EDWIN HOFFMAN
(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—Spare-no-expense court battles contesting the federal communications ban on radio giveaway programs probably will keep the airways busy with jackpot programs for some time to come.

The FCC said it invites a court test of its ruling that radio "winner-take-all" shows are illegal. It relies upon an anti-lottery statute as ground for its order that radio giveaway programs must be taken off the air within three years from Oct. 1.

Television giveaways were ruled off the screens in 12 months.

Edenburg Having Celebration Today

Band Concert-Fireworks Features At Event Honoring Assumption of B.V.M.

Today Edenburg residents are celebrating the Feast honoring the Assumption of the Blessed Virgin Mary.

Although the regular celebration is always held on August 15, Edenburg residents will observe it today. A high mass was offered this morning at 10 o'clock, and Rev. Fr. Joseph Fabri was celebrant. Concessions and street activities are being enjoyed. This is an annual affair, highlighted by a band concert to be given this evening. A gay and colorful parade was held this afternoon.

Fireworks at 11 p.m., this evening, will bring the festivities to a close. Peter Neal is the general chairman.

TOO MANY CHARGES

NEW YORK, Aug. 20.—(INS)—As involved case of the "biter bit" came to light today in New York's downtown traffic court.

Sanitation Inspector Thomas Flaherty, appearing to answer a summons, told this sad story:

He had parked his car in order to hand out a summons to a truck driver for dumping dirt on a city street. While engaged in his law-enforcing duties, Patrolman Harry Sullivan, an equally conscientious city employee, slapped a ticket for double-parking on Flaherty's car. Magistrate Vincent J. Sullivan, taking note of the alertness of both Flaherty and Sullivan, suspended sentence.

Mrs. Freida Hennock, only woman member of the FCC, dissented from the majority ruling. She said FCC has no right to "broaden the interpretation of a criminal statute any further than has been done by the courts."

Mrs. Hennock declared that the action was unjustified without the backing of a "specific mandate from Congress."

to eight dwelling units per building, constructed at a cost of \$7,500 per unit.

The state may pay the builder up to \$26.00 of the cost and the remaining \$4,900 of the cost per unit would be paid in the form of rent.

The local builders are now preparing a formal estimate of construction costs to be submitted as a bid on the housing erection and as an application for the state subsidy. New Castle City Council previously passed a resolution encouraging the building of a low-rent housing unit here. The city, however, will not be actually involved in the construction or renting of the proposed dwellings, Mayor John F. Haven said today.

Two Bidders

Reports from Harrisburg indicated today that a second New Castle bidder has also submitted application for new housing construction here. The report goes on to state that the combined cost of the proposed housing development here under the subsidy plan is \$455,000.

All allocations will be subject to competitive bidding, according to Theodore Roosevelt, III, state secretary of commerce.

Requests for aid in all cases throughout the state exceeded tentative allocations for each of the nine areas covering the commonwealth's 67 counties. Applications have been submitted to the planning board calling for the construction of more than 11,000 dwelling units throughout the state.

The whereabouts of Caldwell are

just as much a mystery as were

the "flying saucers." Neither the

air force nor police has been able

to uncover a single clue to indi-

cate what happened to him.

Authorities acting on an anonym-

ous "tip" located the saucers.

They said the discs definitely were

prototypes of the devices many

persons reported to have seen skim-

An investigation of these inci-

dents has been under way by the

armed forces for some time, but no

official conclusions have been an-

SOCIETY & Clubs

PRE-NUPTIAL FETE

HONORS BRIDE-ELECT

Miss Edna Mae Johnson and Miss Bonnie Lou English entertained jointly at the latter's home on East Washington street on a recent evening for the pleasure of Miss Shirley Cornea, bride elect of this month.

Friends of the honoree were the guests and games and reminiscing proved to be interesting pastimes. Prizes for games competition were awarded Miss Barbara Thompson, Miss Natalie Book and Miss Phyllis Altobelli.

A dainty lunch was served by candlelight at tables attractively appointed in a yellow and green pastel color scheme. Bridesmaids favors marked each place setting. The bride elect's table was designated by a miniature wedding party. Mrs. Alice Cornea assisted the hostesses in serving.

The honoree was the recipient of many lovely gifts of a personal nature.

Miss Cornea, daughter of Mrs. Alice Cornea, 1329 East Washington street, will become the bride of Joseph F. Lutz, son of Dr. and Mrs. R. C. Lutz, Valley road, at an open church wedding to take place on August 27, in the First Methodist church.

ORRICO AND REDA EMPLOYEES GATHER

Thursday evening marked the third annual corn and wiener roast for the employees and their families of the Orrico & Reda Gasoline company. The outing was held at the summer cottage of Mr. Reda.

Louis Reda, Jr., provided the entertainment for the evening and was chairman for the event.

A beautiful door prize was won by Sonny Miller.

Special guests were Gregg Magno, Louis Fondrick and Joseph Clarella of New Kensington, Pa.

EAST BROOK CLUB PLANS "HOBBO" PARTY

East Brook Garden club associates plan to hold a "hobbo" party on Tuesday, August 23, at the home of Mrs. Lillian Johns. Members can store away their party frocks and drag out their oldest rags for the occasion, which promises to be a hilarious event.

There will be a noon luncheon at 12:30 p.m.

MARGARET COTTON IS FETED AT SHOWER

Miss Margaret Cotton, bride-elect of next week, was honored August 17, when Mrs. Fred Paden, of Mt. Jackson, entertained a group of friends at her home.

Games were enjoyed as diversions with autographing kitchen towels being the evening's highlight. The honoree who was presented with the towels also received a number of lovely articles for her new kitchen.

Mrs. Robert Richards assisted the hostess in serving a tasty lunch at the evening's close, pastel colors being used in the appointments. Miss Cotton, daughter of Mr. and Mrs. Mack Cotton, of New Galilee, R. D. 1, will be united in marriage to Mont McBride, son of Mr. and Mrs. Leslie McBride, also of New Galilee, R. D. 1, at a quiet ceremony on Friday, August 26.

MILDRED FELASCO FETED AT SHOWER

Honoring Miss Mildred Felasco, bride-elect of September, a personal shower was held Wednesday evening at the home of Miss Edith Smarrelli, her maid of honor.

A miniature bridal procession was the table centerpiece. The bride and bridesmaids were dressed in gold and green. Early in the evening a huge balloon was pierced, scattering among the guests little cards marked "Mildred and Carmen" September 8, 1949.

Games provided the main diversion of the evening with prizes being captured by Nancy Monsey, Mary Jannetti, Anita Sacco, and Louise Corio. Those in attendance also contributed to a scrap book which was later presented to the honoree for remembrance.

Mrs. Marie Felasco, the honoree's mother, was special guest.

Later at tables appropriately placed with miniature wedding bell favors, a delicious repast was served by the hostess, who was aided in serving by Mrs. Leo Gensante, Mrs. A. Smarrelli and Mrs. C. Smarrelli, the latter being the hostess's mother.

Miss Mildred Felasco, will become the bride of Carmen Smarrelli on September 8, 1949, at an open church wedding at St. Joseph's church. She is the daughter of Mr. and Mrs. Michael Felasco of 712 Wilmington avenue. He is the son of Mr. and Mrs. C. Smarrelli, 426 Division street.

MARIE DELLAVERSON WEDS J. GINOCCHI

Amid an altar embanked with gladioli, roses and ferns, in St. Vitus church, Miss Marie Elizabeth Dellaverson, daughter of Mr. and Mrs. Sandy Dellaverson, of 10 West Lutton street, became the bride of Joseph Anthony Ginocchi, 1110 Scotia street, on August 18.

The nuptial mass was celebrated at 9 a. m. Rev. Fr. Nicholas DeMilla officiating and using the double ring service. Servers at the high mass were James Esposito and Vincent Ciambotti, cousins of the bride. Sodalists sang the mass. Immediately after mass, the bride presented a mixed bouquet to the statue of the Blessed Virgin Mary.

Given in marriage by her father, the bride was charming in an imported Parisian lace gown, over white satin. It was styled with a nylon yoke with a lace scalloped off-shoulder effect, edged with rhinestones, and skirt made of train and trimmed with rhinestones. Her nylon veil fell from orange blossom clusters. As her only jewelry she wore three-strand pearls, a gift from the bridegroom. The bride wore the traditional, something old, borrowed and blue. She carried a mother of pearl prayer book, marked with an orchid and streamers of staphanotis, and a rosary, which was a gift from her paternal grandmother, Mrs. Mary Dellaverson.

Miss Rose Marie DiGennaro, maid of honor, wore a lime green summer taffeta gown with off-shoulder neckline, draped bodice, trimmed with lace. She wore a lime green taffeta-lace picture hat. Her three-strand pearls were carried to her by the bride. She carried a white prayer book, covered with an orchid and baby mums streamers.

Bridesmaids, Misses Dolores Alberto, Virginia Phaffes and Bernice Dellaverson, wore yellow-summer, taffeta-lace gowns, patterned similar to the bride's. They were matching open crown picture hats, and pearl rhinestone necklaces, gifts from the bride. Each carried a prayer book, marked with an orchid, and baby mum streamers.

Little Angela Venditto, junior bridesmaid, wore a white gown, and also carried a prayer book marked with an orchid.

Anthony Cipperano served the bridegroom as best man. Ushers were, James Dellaverson, brother of the bride, and Reynolds Santangelo and Sam Ciccone.

A wedding breakfast was served at the Dellaverson residence. Guests numbering 125 attended the wedding dinner at Oakhurst.

The evening reception for 500 was held in King Humbert hall. Green and white predominated at the wedding table, centered with a six tiered wedding cake. Al Colella and his musicians provided the appropriate musical selections.

Mr. and Mrs. Ginocchi departed on a wedding trip to New York City. They will later reside at 10 West Lutton street, for the present.

Mrs. Ginocchi, a graduate of New Castle high school June '47, is employed by the M. M. Grata stores. Mr. Ginocchi, a World War II veteran, and graduate of Terrace Avenue Handicraft school, is employed at the E. & A. Division of the Pennsylvania railroad.

IRENE EK WILL WED DELBERT JACKSON

Mr. and Mrs. M. Gerald Ek, of Bessemer, announce the engagement and approaching marriage of their daughter, Miss Irma Ek, to Delbert A. Jackson, of New Castle, son of the late Mr. and Mrs. J. B. Jackson.

The open church ceremony will take place Saturday, October 8, at 7 o'clock in the evening at the Swedish Covenant church in Bessemer. A reception for all relatives and friends will follow in the church parlors.

Section E Dines

Mrs. John Knell was a special guest Friday when Section E of the Y. L. B. class of Third U. P. church gathered at Cascade Park. After brunch was enjoyed the remainder of the time was spent in sewing.

Mrs. James Fox, of the Harlansburg road, will entertain the group at a corn roast Friday, Sept. 2, at her home.

Rachel Rebekahs

Rachel Rebekah members of lodge No. 40 will meet Monday evening at 8 o'clock in the I. O. O. F. hall. Noble Grand Mrs. Viola Nelson will preside.

NEWLYWEDS HOME FROM WEDDING TRIP

Mr. and Mrs. Reuben C. Miller, Jr., newlyweds of August 7, have returned home from a wedding trip to Long Beach, Calif., Grand Canyon, and other points of interest west.

Miss Alice Mae Douglas, daughter of Mr. and Mrs. A. T. Johnson, Jr., 311 Newell avenue, became the bride of Reuben C. Miller, Jr., son of Mr. and Mrs. Reuben C. Miller, Sr., at 2:30 p.m. August 7. Rev. O. J. Warnath officiated at the double ring ceremony in the parsonage of the St. Paul's Lutheran church.

The bride was becomingly attired in a powder blue dress. A large rose colored picture hat and matching accessories were pretty accompaniments of the costume. Her only jewelry was a rhinestone necklace, bracelet and earrings set, a gift of the groom. She wore a corsage of orchids.

Miss Louise Butler, as maid of honor, was attractive in a rose colored dress with navy accessories. Her corsage was of yellow and red rose buds.

Following the ceremony, a dinner was held at the bride's home for the immediate families. A three-tiered wedding cake, decorated with a miniature bride and groom, centered the table. The young couple then departed on their trip.

The bride, a graduate of the Portersville High School, class of '44, is a clerk in the Kraft Dry Cleaners. The groom, a graduate of the Union High School, class of '40, and a veteran of three years in the army, is a postal clerk at a local post office. They are now "at home" to friends in their newly built apartment at R. D. 2, Ridge street.

FORMER NEW CASTLE GIRL WEDS IN AKRON

The Chapel at Brown and Vine streets in Akron, O., was the setting of the marriage of a former New Castle girl, Miss Patricia Cartwright, daughter of Mrs. Mildred Cartwright of Akron and Morgan Cartwright of New Castle, to William Harley Cottrell the second of Akron, O. Rev. Carl Burnham officiated at the double ring ceremony.

The bride wore the traditional gown of bridal satin with a veil of illusion lace and carried a colonial bouquet of white delphinium.

Her maid of honor was Miss Lucille Gates of Barberton, O., and Miss Betty Smith also of Barberton, Miss Eleanor Hedglin of Sharon and Mrs. Dorothy Raines of Akron were bridesmaids.

Floyd Raines served the groom as best man and ushers were James Wyler, William Condon and Smith Arden, all of Akron.

Mrs. George Wemmer of Akron sang "Because," "Oh, Promise Me," and "The Lord's Prayer."

The bride is associated with American Hard Rubber company as secretary and the groom is a member of the Phi Sigma Kappa fraternity at the University of Akron. He is also associated with the Electronic Engineering company of Akron.

After a honeymoon at Vermilion on the Lake, Mr. and Mrs. Cottrell will reside at 1055 Coventry street, Akron, O.

CARKITTO-RICHARDS EXCHANGE OF VOWS

Mr. and Mrs. Philip Richards are "at home" at 110 East Ione street following a honeymoon spent in Atlantic City and other points of interest. They were married on August 13 in St. Mary's church.

Rev. Fr. Francis McCarter officiated at the double ring ceremony which united in marriage Miss Stella Marie Carkitto, daughter of Mrs. John Carkitto and the late Mr. Carkitto of 115 West Moody avenue, and Philip Richards, son of Mrs. Albert Richards and the late Mr. Richards, 110 East Home street.

The bride was attired in white slipper satin fashioned along princess lines with a sweetheart neckline. The veil which complemented the bridal costume was of silk illusion edged with a wide band of chantilly lace. She carried a cascade bouquet of white roses and staphanotis centered with three orchids. Her brother, Louis Carkitto, gave her in marriage.

Maid of honor Miss Margaret Troggio was attired in green satia fashioned with a sheer yoke and draped effect in back. Bridesmaids were Misses Agnes Zaechel, Eleanor Thomas and Ada Navarro, all and junior bridesmaid Miss Joan Carkitto. Flower girls, little Gloria Filigenzi and Georgia Condas, were in miniature creations styled identically to the maid of honor's.

Donald Copple served the groom as best man. The ushers were James Copple, Jr., John Peluso and Louis Carkitto.

Immediately following the ceremony, a wedding breakfast was held on the lawn at the home of the bride's mother for approximately 75 persons. The evening reception was held at King Humbert hall with 500 guests present.

Mrs. Richards is employed as a cashier by Neisner Bros. while the bridegroom is employed by the United Engineering & Foundry company.

L.A.B. ASSOCIATES GUESTS AT DINNER

Members of the L. A. B. club met Thursday evening at a local tea room for a six o'clock dinner. Covers were laid for 12 at a table prettily centered with a bouquet of colorful gladioli.

Mrs. William Ellgass, who is leaving the first of September for California, was presented with a lovely gift from her associates.

After dinner the group gathered at the home of Mrs. Ann McClintons, North Jefferson street, where enjoyable games provided the entertainment. Honors went to Mrs. Helen Ray and Mrs. Flora Cunningham. Mrs. Cunningham also captured the door prize.

Mrs. David Jones, Walnut street, will be hostess to the group September 1.

Pollock Playground Makes Awards Friday

You can be sure that there will be a good time when a group of youngsters get together!

Pollock avenue playground celebrated its third anniversary on Friday by having the mothers and fathers as guests of the evening. Things really got off to a flying start at 8 p. m., when the instructors, Mary and Rose Marie Sands, began the activities with a treasure hunt.

Children searched in sand, on swings, around see-saws—everywhere that was possible to look. Victorious in the hunt were Dorothy Nasal, Fred Farone, John Buonpane, Kathy Merino, Angeline Clappie, and Chuck Carbo.

W. F. DeCarbo, M.C., master of ceremonies of the evening, presented the awards for the outstanding playground participants. Mr. DeCarbo stated, "it is really wonderful to see such a large gathering of young people, and know that they honestly are interested in the work of their playground. After three years it has progressed to be one of the finest grounds of the city. It can only be possible through the combined efforts of the instructors and youngsters."

Miss Adeline Ludvici was unanimously chosen to be the winner of the handicraft award. Sam Medure and Fred Cubellis proved to be the best horseshoe players of the playground. For their leadership and help with the work about the grounds, Mike DeMarco, Angeline Clappie and Anthony Ciallella were presented with their badges. The "newlyweds" of the recent mock wedding, Mike DeMarco and Mary Farone, were given awards.

Present Gifts
For their efforts and patience, Mrs. Mary Sands and Rose Marie Sands were presented with lovely gifts from the children of the playground. The instructors expressed their pleasure with the gifts, and were sorry that the summer fund was near an end.

Delicious refreshments were served to the one hundred twenty-five that were present. Gaily decorated cakes with three candles centered the table. These cakes were donated by Mrs. Frank Ross and Mrs. Joseph Farone.
Prizes and refreshments were given to the playground by Mrs. Frank Stone, Mrs. DeMarco, and Mrs. Coci. Gifts were donated by Guy Natale, Junior Ciallella, Leonard Cozza and their mothers. All the mothers gave prizes or gifts for the occasion.

Shrimers Hold Annual Picnic

Delightful Event Is Held At Cascade Park On Friday Evening

Members of Lawrence Caravan No. 15, of Syria Temple, A.A.O.N.M.S. and their families enjoyed the annual picnic, which was held at Cascade Park on Friday evening, with several hundred in attendance.

Following a fine repast, served picnic style, a program of sports for all age groups was carried out, with nice prizes for the winners.

The later hours of the evening were spent with a country store, when some of the family larders were increased by the gifts of groceries and other edibles. Bill Jenkins carrying off the ham.

President Paul M. Pattison welcomed the guests and announced a stag picnic and corn roast for early September at Ramblers Rest, as the next event on the social program.

Try And Stop Me

By BENNETT CERF

Two English motorists were caught late one night in a terrific downpour and sought shelter in a wayside inn. There wasn't a room to be had, but the village parson, who saw them in the lobby, took pity on them and offered to let them spend the night in his church. "Lead us to it," said the motorists gratefully.

At 4 in the morning the church bell began ringing wildly. "The church must be on fire," cried the night clerk of the hotel to the boy on duty. "Fetch the 'ose and buckets." A minute later he ran back from the church. "Never mind the 'ose and buckets, 'Erbert," he told the bellboy. "It's just Pew No. 4 calling for two double whiskies and soda."

Solly Violinsky, one of the real wis in the theater (although frequently unemployed) sums up Hollywood as "a unique spot." "No matter how hot it gets there in the daytime," he points out, "there's no place to go at night." Copyright, 1949, by Bennett Cerf. Distributed by King Features Syndicate.

Home safety will come in for attention at the weekly luncheon meeting of New Castle Lions Club, Tuesday noon in The Castleton. The speaker will be Samuel J. Horst, chief of farm and home safety education, of the Department of Public Instruction, at Harrisburg. Subject of course, "Home Safety."

THE PARENT PROBLEM

(Continued from Page Four)

some young women who are attending college or who otherwise have been exposed to considerable refinement, the father may seem at times to be very uncouth. Without being aware of the daughter's feelings, he may be resistant to her suggestion to be more considerate of his appearance, when the father-daughter relationships might be impaired. Sometimes she is intolerant of him.

I have a bit of insight into the whole problem as I recall my later boyhood days on the farm, having mingled then and occasionally since among the neighbor farm families. As I look back I'm sure the average farm father and elder sons as I knew them—and I was one of them—were less sensitive to personal appearance on coming from the farm or field than the mother and older daughters were.

Modern Car
Thanks to the modern car and shorter hours of work on the farm today, with fathers and sons more often going places "dressed up", I think great improvement has come in recent years in matters I have just considered. Certainly there is waning the prevalence of the notion among people working with their hands that persons who dress up for meals are "stuck up."

On hot days it might not be reasonable for fathers and sons always to wear a coat at meals, yet a mere undershirt hardly should suffice even when the family are alone. Of course, it is none of my business. I'm just considering family atmosphere and comradeship, assuming there is practically always a member of the family group with tastes somewhat refined.

While most white-collar fathers have a strong motive to shave on work days and when they go out on week-ends and holidays, they sometimes are tempted while staying home on these days to neglect shaving and the like. Moreover, my fellow fathers who don't wear white collars to work, especially if on the farm, sometimes will choose to let their whiskers grow for several days at a stretch, hardly attractive to the rest of the family. But if they discipline themselves a bit it will always be a shave a day. The wife and children will like it. It will further family morale and companionship. Newly-married wives, while their persuasive powers are on the mountain top, might well get the young husband started right.

LOOKING AT LIFE

(Continued from Page Four)

I stopped at a service station for gas and oil. I was dressed as lightly as possible—no coat, no tie, a sports short, open at the neck.

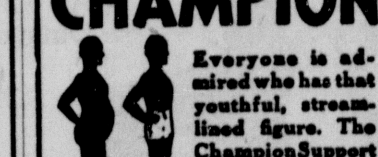

I got out of the car while the boy filled it up.

The proprietor, who hadn't seen me get out, came up to me and said:

"What are you hanging around here for? We don't allow peddlers in this place."

That settled it. After I told him where to get off, my wife and I had a little conference.

As a result I am now sitting in

Erie Conference To Open Sept. 7th

Bishop Marshall R. Reed of Detroit To Highlight Sessions At Meadville

BISHOP MARSHALL R. REED

Methodist churches of Lawrence County and of all the other counties in the Erie Conference are preparing to wind up the conference year business.

The annual sessions of the Erie conference will take place in Meadville beginning September 7 and will continue through Sunday September 11 when the appointments of pastors will be announced.

No Changes Likely

Insofar as New Castle is concerned it is believed no changes in pastors are likely this year. New Castle is a part of the Grove City district and it is possible that some changes will be seen over the district.

Highlighting this year's conference will be the appearance of Bishop Marshall R. Reed, resident bishop of the Detroit area. He will participate in a preaching mission in Stone church at 1:30 o'clock on the afternoon of Saturday September 10 and will give the address in Stone church the same night.

Bishop Reed's mission topic will be "The Advance for Christ and His Church." His evening topic will be "Our Faith in God."

Other Participants

Other participants in the preaching mission will be Mrs. James K. Mawha, president of the northeast jurisdiction of the Woman's Society of Christian Service, and Dr. Louis T. Benezet, president of Allegheny College.

A native of Onsted, Michigan, Bishop Reed studied at Albion College, Northwestern University, Garrett Biblical Institute, and Drew University. He was elected a bishop at the North Central Jurisdictional Conference at Indianapolis last July. He was assigned to the Detroit area for the 1948-52 period.

Bishop Reed was a delegate to Methodist general conference in 1932, 1936, 1940, 1944, and 1948; to the uniting conference in 1939,

Second U. P. Host To Churches On Sunday Evening

"God's Challenge" will be the theme of Rev. George Sarber, pastor of the Church of the Nazarene, when he speaks at the union service of the churches of New Castle and vicinity Sunday evening in the Second U. P. church, County Line at Milton street.

The New Castle Ministerial association and Council of Churches sponsored services have been held in the various downtown churches throughout the summer months with attendance on the increase at each service as it has been presented.

Mrs. George Strehler, director of music at the Second church, will be heard in a solo number, "The Ninety and Nine". Roland Crisci, graduate of the Westminster Choir college, Princeton, N. J., will be guest organist during the service and will be heard in several selections prior to the service proper.

On Sunday evening, August 28, Second Baptist church, West North street, will be host to the union service. The speaker at that time will be Rev. A. E. Simon, pastor of the St. John's Lutheran church.

'Mercury Memory' Machine Seen As Aid To Aviation

By JOHN McCAFFERTY

PHILADELPHIA, Aug. 20.—An electronic brain with a "mercury memory" capable of calculating 12,000 times faster than a human being was demonstrated today by two Philadelphia engineering wizards.

The invention—called "Binac"—is the brainchild of Dr. John W. Mauchly, 42, and Dr. J. Presper Eckert, Jr., 30.

Binac was hailed as a forward step in aviation that will permit rapid calculations "formerly impossible or impractical" with savings of hundreds of thousands of dollars, perhaps even millions, in time and money.

Eliminate Hazards
The amazing "brain," constructed for the Northrop Aircraft Corp. of Hawthorne, Calif., will virtually eliminate the hazards of test flying of airplanes.

John K. Northrop, president of the aircraft firm, said Binac probably will erase "costly and often destructive physical tests" in future airplane design.

Flying will be made safer by the invention of Binac, he contended, because the "brain" will permit more accurate, thorough, and extensive design, research and development of planes.

Typical of Binac's remarkable computations are these:

(1) In the space of two hours, Binac obtained 26 solutions to mathematical problems that would have taken a man with the most advanced manual calculating machine many, many years to solve. Binac, for each solution, did 500,000 additions, 200,000 multiplications and 300,000 "transfers of control" in a mere five minutes.

(2) Twenty-five numbers, selected at random by persons attending a private demonstration of Binac, were calculated in square and cube root in the fraction of a second. For each square or cube

root, Binac whizzed through hundreds of arithmetic operations.

Rapid Mathematics
A human being with a scratch pad ordinarily can find a square root correct to eight or nine digits in six minutes, with a desk calculator in two minutes. Binac did it in one-sixtieth of a second.

(3) Fed a number from Barlow's tables (a handbook containing the answers to square and cube roots), Binac flashed the solution in two-thousandths of a second. An engineer at the Eckert-Mauchly laboratory struggled nearly four hours on a manual calculator to find the right answer.

In size, Binac is only five feet high, four feet long and one foot wide. It fits in a medium-sized office.

It functions on a scale smaller than "eniac," its 30-ton parent also invented by Eckert-Mauchly, because of its "mercury memory" which permits the computer to handle a great volume of data.

Electrical pulses representing numbers and instructions speed through Binac at the rate of four million per second.

Dr. Mauchly stressed that Binac actually is a brain "that does not think, but merely follows instructions given to it in the form of simple arithmetic operations."

The invention, he said, opens a "new era in industrial design forecast."

Save Time
"It often takes months, even years to bring a new industrial product from the research laboratory to the factory belt-line. This time can certainly be shortened through the use of computers such as Binac."

Northrop said that Binac evolved from a need in aviation design for the solution of mathematical problems "which cannot be solved in any reasonable period of time by humans working with pencil and paper or manually calculating machines."

But Dr. Mauchly, 42-year-old engineering wizard, and the youthful Dr. Eckert have not yet reached the apex of their engineering dreams.

Already, they are at work on a bigger, more practical computer which will be called "univac." The two inventors believe "univac" even will be able to forecast the economic situation in the world of tomorrow.

If all goes well, the new brain will be ready next year, perhaps in time to be tested in the 1950 census.

A large insurance company, the U. S. Army Map Service, the air comptroller's office and some private concerns already have placed orders for univac.

MOTION DENIED
NEW YORK, Aug. 20.—(INS)—Hefty Mrs. Martha Beck and her wig-wearing husband, Raymond Fernandez, lost their first legal move Friday to escape New York's electric chair for the "lonely-hearts" murder of an Albany widow.

Federal Judge Alexander Holt-off turned down a plea of their attorney, Herbert Rosenberg, for a writ of Habeas Corpus to free the convicted couple. The plea, Rosenberg said, was Mrs. Beck's idea.

Rev. Duncan Will Assume New Duties

Former Pastor Of Pilgrim Holiness Church Will Preach Farewell Sermon August 27

Rev. Clifford L. Duncan, former pastor and founder of the Pilgrim Holiness church, Neshannock avenue, will preach his farewell sermon at the church on Saturday evening, August 27, it has been announced.

Rev. Duncan, who organized the church eight years ago on Croton avenue, has been its pastor up until August 1, when Rev. E. D. Joy assumed his new duties there.

Rev. Duncan requested that his name be omitted from the letter requesting his recall to serve another year as pastor of the downtown church.

During his ministry in the city, he has been active in various church circles, having been vice president of the Lawrence County Holiness association. He was a thirder prior to assuming church work.

The Duncan family, which includes Rev. and Mrs. Duncan and their six children, will leave for Bell Ridge, Pa., approximately five miles from McKeesport, where Rev. Duncan will assume his new duties in the Pilgrim church on September 1. They have been residing at 732 Court street.

Shenango Y Ends Camping Season

Shenango Street YMCA boys complete today a successful week of camping at Y Camp Fred L. Rentz along the Slippery Rock.

More than 50 youths enjoyed the week of swimming, boating, softball, handcraft and campfires. Camp Director Gilbert A. Terry, Jr., and assistant, John Crunkleton, had planned a busy program of activity. This year marked the fourth season that boys from Shenango Y have had the opportunity to invade the haunts of the Slippery Rock and partake of the friendly atmosphere fostered by camp life.

New Castle Senior High football team takes over for the next two weeks to conclude one of the most successful seasons in the history of the camp.

The complete roster of the boys in camp this week, according to cabin, is as follows:

FRED RENTZ CABIN
Counselor Harold Taylor
Donald Taylor, Joseph Lane, Henry Sturdivant, Jr., Willard Smith, Henry Fitzhugh, Timothy Jasper, Irving Webster, Thomas J. and Billy Davis.

LITTLE LESS BULL
FOND DU LAC, Wis., Aug. 20.—(INS)—Everyone is entitled to a bull now and then but cattle raiser Joe King agreed today that he took his a bit too far.

It cost him \$40.

King insisted on walking his prize bull, Ferdinand, ten miles to market from Empire to Fond Du Lac.

Ferdinand lost 190 pounds—which meant \$40 to King under current market prices.

Stars and Stripes Lowered In Canton

United States Consulate Closes Doors And Prepares To Move To Hong Kong

By PAUL FENG
(U. S. Staff Correspondent)

CANTON, Aug. 20.—(INS)—The Stars and Stripes were lowered in Canton Friday. It marked the end of an era in this bustling Chinese port city, once the goal of New England's clipper ships and the birthplace of China's nationalist revolution.

In anticipation that hard-driving Communist armies may engulf Canton, the United States consulate closed its doors and the staff prepared to move to Hong Kong.

Canton itself remained quiet and apparently unalarmed. But preparations went forward to evacuate the entire official American population although private U. S. citizens—principally missionaries—paid little attention to an official warning to leave the threatened capital.

Approximately 250 American civilians and 78 officials are in Canton. About 800 others are elsewhere in Kwanton province.

Chinese Indecision
The decision to move diplomatic and consular officials from Canton to Hong Kong was attributed to the Chinese government's indecision over the site of its next capital if Canton falls.

Nationalist loss of the city would be of international and historic significance.

The late Dr. Sun Yat-Sen, the first president of republican China, who dislodged the Manchu dynasty, launched his revolutionary movement in Canton, which for decades served as the principal treaty port for American and other foreign trading ships penetrating the orient.

U. S. Charge D'Affairs Lewis E. Clark plans to commute daily by air between Hong Kong and Canton to keep in touch with the nationalist government. Hong Kong lies 80 miles to the east.

Trader Horn Group Plan Reunion Sunday

To Gather At Cole's Camp Along Slippery Rock Creek; Various Games Planned

On Sunday, August 21, the third annual Trader Horn reunion will take place at Cole's camp along Slippery Rock creek, near Rambler's Rest.

Features of the day will be a softball game between the married and single men, a horseshoe pitching tournament, group and quartet singing, and drawing for a door prize.

Refreshments will be served during the entire day.

Trader Horn boys were formerly from the south side of the city and were organized in 1931. They camped every year along the Slippery Rock and Muddy creeks until the war years halted their activities, and scattered the membership to widely varied cities.

This year's reunion promises to be the largest and best yet, with members responding from as far distant as Rock Hill, S. C., and Birmingham, Ala., and from cities of this district, Butler, Pittsburgh, Clairton, McKeesport, Dravosburg and Youngstown, O.

Nyack Quartet At Alliance Tabernacle

Gospel Team Of Missionary Training Institute Will Present Program Sunday Evening

Gospel team of the Missionary Training Institute, Nyack, N. Y., will present a special program of Gospel music and speaking Sunday evening at 7:45 o'clock in the Alliance Gospel Tabernacle, 210 Pearson street.

The party is made up of six members including Rev. John Taylor, speaker and director; Paul Prentice, pianist; Gerald Tropf, bass; Henry Grosh, first tenor; Gaynor Ferrell, second tenor and James Evans, baritone.

The gospel team has presented unique programs in most of the 48 states, Canada and Mexico. Last year, they traveled almost 20,000 miles presenting Christian Youth programs in 127 churches and youth rallies. The programs are filled with stimulating music, stirring testimonies and scriptural messages. Quartet selections, trio numbers and solos, will feature the program.

Other services of the church will be held at the same hour on Sunday, with Bible school at 9:30 a. m. and morning worship service at 10:45 o'clock when the pastor, Rev. J. H. Boon will speak.

ANNUAL FAIR
The Enon Valley Women's club have chosen Tuesday, September 20, for their annual fair when the usual display of products of the home and garden will be on exhibit.

A special meeting for committees in charge of the various displays are requested to meet at the schoolhouse on Tuesday evening, September 13.

TOWNSHIP NOTES
Mr. and Mrs. John Wallace of Little Beaver and Mrs. and Mr. William Scott of North Beaver township were recent weekend visitors at the W. S. Fullerton cottage on Lake Erie at Conneaut, O.

Mrs. Dora Crawford, Mrs. Elizabeth Stratton, Mrs. Florence Braunbruns and daughter, Miss Ann Braunbruns, of Warren, O., were callers the first of the week at the McHattie and McKim homes.

A severe electric and rain storm hit hard in this section of the county on August 11. One local farmer lost his barn and contents, while another farmer lost 10 head of dairy cows—heavy producers. The cows were beneath a wild cherry tree during the storm when killed. The powerlines and telephone lines were out of order for several hours.

Mrs. J. L. McHattie, son and daughter of Little Beaver visited the Charles Marshall family in Youngstown, O., August 14. Mrs. Marshall, who has been seriously ill, is improving slowly.

The 1945 class of Mt. Jackson high school recently enjoyed a party at the home of a member of the class, Miss Eleanor Hoffmaster.

John G. McAnnis of Barberton, O., is visiting relatives in the Beaver township.

Several members of the 1949 graduating class of the Mt. Jackson high school gathered a recent evening at the home of Miss Betty Giesecke of Little Beaver township for an informal evening to chat and play a few games.

Mr. and Mrs. Bert Bronson and sons, Amon and Dale, and daughters, Joan and Nancy, of near Pleasant Unity visited several days with their cousins, Mrs. Jennie Davenport of near Wampum. Also they made calls on friends in Little Beaver township.

REPUBLICAN PARTY
The Republican Party of the county will hold its annual convention at the hotel in Youngstown, O., on September 15 and 16.

Student Directed Program Planned At Youth For Christ

The final in the summer series of student directed programs will be presented this evening at 7:45 o'clock during the New Castle Youth for Christ rally in the First Baptist church, North at East street, when Carl Stewart, student at Bob Jones university, Greenville, S. C., will speak.

Mr. Stewart, a pre-ministerial student at Bob Jones, is holding a supply pastorate at Darlington, Pa. The music for the service will be under the direction of Jack Marshall, student at Northwestern university in Minneapolis, Minn., while Rev. F. Dickson Marshall, superintendent of the City Rescue Mission and a brother of Jack, will be heard in a solo number. Mrs. Marshall will present numbers on the vibra-harp.

Primary Ballot
Contract Is Let

Miller, Pyle And Street To
Furnish Ballots At
\$20.75 A Thousand

TWO WITH RECORDS
GIVEN SENTENCES

At their meeting Friday, the county commissioners considered the bids presented for printing the ballots for the primary election, only two bids being presented.

The award was made to Miller, Pyle and Street, at their price of \$20.75 per thousand ballots. The only other bidder was the Universal Printing Company, which submitted a bid of \$22.00 per thousand.

Work will be started on the printing of the ballots at once in order to have them ready for the primaries next month.

TWO ARE SENTENCED

Sentences were handed down by Judge W. Walter Braham in sentence court, Friday, to two miscreants, both of whom had previous criminal records.

John Raymond Howell, alias John Anderson, charged with aggravated assault and battery was fined \$1 and sentenced to the Allegheny County Workhouse for 18 months. Howell was charged with stabbing Patrick O'Malley, of the P. and L. E. Railroad camp on the morning of July 29, when he inflicted two stab wounds of the abdomen, which almost resulted fatally for O'Malley. Howell was found to have escaped from the Sykesville, Md., mental hospital, prior to coming here, and admitted to a

criminal record extending back to 1934.

George Robert Bodine, charged with carrying a gun without a license, was assessed a fine of \$1 and sentenced to six months in the workhouse. Bodine worked as a bean picker here, and had only recently been released from the Kentucky state penitentiary, where he was serving a term for burglary. He threatened the patron of a Long avenue cafe with a fully loaded revolver, according to the charge. He is said to be living in an unmarried state with a local woman, at the time of his arrest.

COMMISSIONERS OFF TO
CONVENTION

Lawrence county's commissioners will be absent from the city part of next week, attending the annual convention of the Pennsylvania Commissioner's Association, which will get under way in Philadelphia, Monday morning. County Solicitor William McElwee will also attend the convention, and while in Philadelphia will visit with his daughter.

CAFE CASE CONTINUED

When called for agreement before Judge John G. Lamoree, Friday, the case of Demetrios Proios, trading and doing business as the Rex Cafe, in which he seeks to have the revocation order against the Rex Cafe at 110 West Washington street, rescinded, the appellant did not have his case fully prepared, and it was again continued, this time until Wednesday, September 14, by Judge John G. Lamoree.

COUNTY BALANCE BIG

The county of Lawrence is in a fine condition, financially, County Treasurer Don I. Neal stated today, having a larger balance in the bank, than in many months.

On deposit in the various banks of the city and county is the huge sum of \$734,838.34, as of August 1. This should keep the county running in high gear until the 1950 taxes start coming in. Of this amount \$335,000 is in the general fund.

August is the last month at which taxes can be paid at face, a five per cent penalty being added starting September 1, and taxpayers who want to save themselves money, are warned to make payment before September 1.

VERDICT UPHELD

In the case of Tony Mazi vs W. S. McAnlis, and W. S. McAnlis, guardian ad litem for Robert C. McAnlis, Judge John G. Lamoree handed down an opinion on the motion presented by the defend-

ants for judgement non obstante veredicto, and for a new trial.

Judge Lamoree held that the points offered by the defendants were without weight, and sustained the verdict previously brought in by a jury awarding the plaintiff \$12,961.75 for injuries sustained in an automobile collision on November 15, 1946.

Mazi, a welder, lost the sight of one eye, and was otherwise injured. He lost 51 weeks of work, and was forced to give up his employment as a welder and work for lower wages because of the accident, he contended.

Duff Appoints
Morganza Board

HARRISBURG, Aug. 20.—(INS)—The appointment of three new members and re-appointment of four others to the board of trustees of the Pennsylvania Training School at Morganza was announced today by Gov. James H. Duff.

New appointees are E. O. Golden, of Kittanning; William H. Parish, of Roselyn Farms, Pittsburgh, and Ernie Adamson, 100 Academy avenue, Mt. Lebanon. Reappointed were Dr. James F. McQuiston, McDonald; Garfield A. McDowell, Greensburg; Mrs. Gaynelle M. Dixon, Butler; and H. E. Milliken, Waynesburg.

Parish succeeds the late Harry L. Mitchell, of Pittsburgh. Golden succeeds C. L. V. Acheson, of Washington, whose term expired, and Adamson replaces David A. Evans, of Ellwood City, whose term also expired.

Acheson Planning
To Exert Pressure
On Rearmament Bill

By ROSE MCKEE
(U. S. Staff Correspondent)

WASHINGTON, Aug. 20.—(INS)—Secretary of State Acheson is planning today to exert every ounce of administration pressure in a desperate drive for Senate restoration of the 50 per cent slash in European rearmament funds decreed by the House.

Acheson is expected to make a personal appeal to the Senate for approval of the full \$1,450,000,000 arms-aid program from which the House in a crushing blow to administration foreign policy eliminated \$580,495,000.

Capitol Hill observers speculated that President Truman may decide that his personal intervention also is necessary to bring about restoration of what administration leaders regard as a seriously crippling cut.

Meanwhile, Henry A. Wallace attacked the arms program as a "shocking" proposal that would "undermine the economy and military security of both the U. S. and Europe."

Former New Castle
Recruiter To Leave
For Occupation Duty

M-Sgt. John T. Bilpuch, who did recruiting duty at the New Castle Recruiting office in 1942 and 1943, has been transferred to the Army of Occupation of Germany for a three-year tour of duty.

Bilpuch became very well known during his stay in the city and married a New Castle girl, the former Betty Golis, daughter of Mr. and Mrs. Frank Golis, 314 Park avenue.

Mrs. Bilpuch will accompany her husband to Europe.

They are visiting with Mrs. Bilpuch's parents until they leave for the coast near the end of the month. They expect to leave for Europe early in September.

Sergeant Bilpuch spent the past three years as public relations NCO and chief clerk in the Greensburg recruiting district. He expects to do public relation work in Germany.

KISS OF DEATH?

NOTRE DAME, Ind.—Edward Fischer, Notre Dame assistant journalism professor, suggests that politicians may some day encourage editors to berate them in print. Fischer says newspaper support, once eagerly sought, "has become a kiss of death."

Mount Gordon Bennett is a mountain in Africa, seen by Henry Stanley in 1875. It lies south of Albert Nyanza, a little north of the equator.

Handy Toy Storage

Children like to wander all over the house. To confine them to a few selected spots is rarely workable. When they are very young the job of dragging playthings from one room to another is bothersome for both parent and youngster.

Arranging for caches—places where a few things can be kept—in spots where the young fry is likely to spend a good deal of time seems to be a good idea. Part of a low shelf in the living room, a place in the kitchen cupboard, a box in mother's room are some "natural" locations.

If there are always some suitable playthings at hand, Junior is less likely to fool around with things that he may damage. If he has a few pots and pans of his own, he won't want to play with dishes and other kitchenware that might be easily damaged. If there are favorite tops in the front-room bookshelf, books aren't likely to seem so attractive.

Of course, one shouldn't expect perfect results, but such a simple procedure has proved workable in a number of homes.

Symphony To Host
Music Students

New Castle Symphony orchestra and the Symphony association will be the host for 500 young music students of the city at the "Pop" concert Wednesday, August 31.

The move is designed to create musical interest among the younger folks of the city and to insure all music students the opportunity to hear the local musicians in one of their popularly accepted concerts.

A complete new program has been planned for the next concert at Taggart Stadium.

Bubble Gum Contest
Held At Washington

In the past week the George Washington playground held a bubble gum contest. Just imagine what might have happened and you'd be right.

Before the contest started, mouths were getting well exercised to get the gum ready to make bubbles. The object of the afternoon was to see who could blow the biggest bubble. Each child was given three chances to blow the biggest one he or she could. There were bubbles of all shapes and sizes and when they broke they landed, as well could be expected, over noses and the remainder of their faces.

Headings Ahead

Throughout the contest Jim Headings held the lead and ended as first prize winner for his bubble which was eight to ten inches in diameter. He received a box of candy as his prize. Second prize was hard to determine as several children had quite large bubbles, but in the end Ted Alexander was awarded a bag of peppermints as second place winner.

Without the children knowing it, the judges, Shirley Cook and Ella Schwartz, were also looking for the smallest bubble to be blown. This place went to Annette Cloffi and she was given five pennies in hopes that a greater supply of gum could increase the size of her bubbles.

The children were then divided into two teams and played a game of kick ball with Bob Brinton's team winning over Jack Johnson's team.

Children that are planning to go to Gaston Park Tuesday for "Play Day" are asked to be at the playground to meet the bus by 9:30.

Four House Veterans
Assail Aid Program

WASHINGTON, Aug. 20.—(INS)—Four youthful World War Two veterans in the House—two of them disabled—today assailed the administration's military aid program as a step toward World War Three.

They were Reps. Potter (R) Mich., who lost both legs in the war; Williams (D) Miss., who suffered the loss of an arm; Sutton (D) Tenn., and Jackson (R) Cal.

Williams, in opposing the bill in the House debate, declared: "I know we are going straight down the path of World War Three."

Need Defoliant For Cotton Leaf

WASHINGTON, Aug. 20.—(INS)—The department of agriculture would like to help southern and western farmers get rid of cotton leaves.

Leaves on cotton plants serve no purpose once the fiber and seed have matured. In fact, they cause the cotton farmer a lot of grief.

They shade deeply placed bolls, slowing ripening and encouraging rot and insect damage. They interfere with cotton picking, and if they sneak into the gin, they reduce the price and grade of the product.

Dr. W. H. Thorp, a department expert, told a "cotton mechanization" conference at Bennettsville, S. C., that the search was on for better defoliants.

He said the defoliant now in general use is calcium cyanamide, but it is good only in regions where dew falls regularly, and it eliminates only old leaves.

Thorp said the department is seeking a chemical that will strip the plants of leaves—dew or no dew—and will prevent the growth of new ones.

Despite the damage caused by leaves the international cotton advisory committee forecasts an increase in world cotton production in the 1949-50 season.

Last season's world production was about 28.6 million bales, with the United States supply slightly more than half.

U. S. production is expected to be down about 100,000 bales, but the committee says this will be more than made up by crop increases in other western hemisphere countries. In addition, the eastern hemisphere is expected to increase production.

The committee noted that last season's production exceeded consumption by about a million bales. It refrained from predicting consumption of the new crop.

The agriculture department is losing no time in starting its announced program of purchasing new grain storage facilities.

Less than 48 hours after the department said it planned to buy as much as 500 million bushels of storage capacity, it announced award of contracts for 112,837,640 bushels of storage space from Capital Prefabricators, Inc., Tyler, Tex., and the Blaw-Knox Co., Pittsburgh.

Committee Gets Tips From High Sources

By GLENN M. GREEN
(N. E. Staff Correspondent)
WASHINGTON, Aug. 20.—(INS)—A Senate "five percent" investigator declared today that the committee is obtaining information on the activities of White House Military Aide Harry Vaughan from "sources very close" to President Truman.

The statement came from Sen. McCarthy (R. Wis.), member of the group probing Washington's "influence peddlers." He told newsmen:

"We are getting leads and information on Vaughan's activities from sources very close to the President and Vaughan in the White House."

McCarthy declined to identify the sources further. His comment, however, gave a new twist to the running battle between the committee and Mr. Truman who has harshly criticized the group which became the peace time heir of the old Truman war investigating committee.

Arrested 208 Times, Seeks Cheaper Town

KENNETT SQUARE, Pa., Aug. 20.—(INS)—Police Chief George A. MacCloskey is a lonely man today. He misses the "campaniship" of a man he arrested 208 times during the past 20 years and whom he once invited to Christmas dinner in his home.

Chief MacCloskey said the man,

balked at the "expense" of being arrested in Kennett Square and moved to another town where "it was cheaper."

The lockup champion was hauled in each of the 208 times on the same charge—drunk and disorderly.

All told, said the Chief, he paid more than \$2,000 in fines.

ABC To Challenge No Giveaway Rule

NEW YORK, Aug. 20.—(INS)—The American Broadcasting Company announced Friday it will challenge the legality of the FCC decision banning "giveaway" programs and that "no changes will be made in ABC programs as a result of the regulations."

ABC, whose "stop the music" program set the trend towards giveaways, called the FCC's action "an invalid attempt to extend existing law." It said it proposes immediately to test the legality in the courts.

City Playgrounds To Have Play Day Tuesday, August 23

On Tuesday, August 23, the City Recreation Board will bring to a climax the recreation activities for the summer of 1949.

All boys and girls of the fifteen playgrounds will meet with their instructors and enjoy their last day before the opening of school. Children will be brought to and from Gaston Park by means of special buses.

Small Children

This day of play has been limited to those boys and girls who are between the ages of six and thirteen. The older boys and girls have completed their league play and championship games and have been given their championship emblems.

A program of games with prizes to be awarded has been planned and there will be activities for all age groups.

All children will bring their lunch and the recreation board will provide each child with bottles of milk.

Knife Wounds Man In Street Fight

Eddie Worden, 256 West Falls street is being held in the County Jail awaiting sentence on an aggravated assault charge as a result of a fight between two colored men Friday.

Lee Lane, 123 West Lawrence street, required 10 stitches to patch up the knife wounds received in the fight.

Police received the report concerning a fight in front of the central Fire station and a cruiser was dispatched to the scene of the trouble. Both men had disappeared when police arrived. However, witnesses identified the men and Worden was picked up, and held in the City Jail all night. This morning Worden pleaded guilty to an assault charge before Alderman James Brice and is held in the County Jail in lieu of a \$1,000 bond.

Robert Wiley, 1129 Scioto street, told police this morning that Lane had started the trouble and had struck Worden twice before the latter drew his knife.

County Gets \$12,279 From License Fund

Battle Against Delinquency Aided By Shenango Y. M. C. A.

A group of boys from the Shenango YMCA enjoy "Free Time" during a busy day at Camp Fred L. Rentz, one of the facilities of the community made available to members of Shenango Y, since its inception four years ago.

One would hardly know that the house that stands at 202 North Shenango street was a Y. M. C. A. were it not for the red-lettered neon sign in front. On going inside one would soon discover that this house has been made over to form a recreational outlet for over 200 boys of New Castle.

Partitions have been knocked out to make way for ping pong tables and a pool table. Club rooms have been set up to enable the boys to plan and carry out their own program.

Since its inception four years ago the Shenango Y. M. C. A. is proud of the fact that it has been instrumental in cutting juvenile delinquency in the neighborhood 93 per cent.

Crack Athletic Teams
Operating under the handicap of no gymnasium or swimming pool, this Y. M. C. A., staffed by one man, has an active program which consists of Gra-Y, Hi-Y and

Co-Ed clubs, plus crack softball, basketball and volleyball teams in both junior and senior brackets. Annually the Shenango Y. M. C. A. makes trips by bus to Pittsburgh and Cleveland in conjunction with Y. M. C. A. of those cities, where the boys enjoy joint recreational activities.

For the period of 11 and a half months throughout the year the people of New Castle look to their Community Fund to provide the necessary funds for giving increased opportunities to those who might otherwise never know or enjoy the basic factors necessary to develop strong bodies and healthy minds in the youth of the city.

The Shenango Y. gives the opportunity to many young men in New Castle. In addition it provides a community center for a large portion of the population. During part of the month of October the Community Chest will be seeking funds from the general populace so that agencies such as

the Shenango Y. can survive and continue to expand its services.

Expansion Planned
The executive secretary of the branch feels that juvenile delinquency could be wiped out 100 per cent, instead of 93, and he also has extensive plans for increasing the facilities available at the branch and expanding the membership during the coming year.

If this community is to continue to become a bigger and better place in which to live, agencies supported by the Community Chest, such as the Shenango Y., must also be encouraged in their fine efforts to develop strength of mind and body in the citizens of the future who will play an important role in the drama of "Greater New Castle".

Every individual of the community has an opportunity to do his share in this important mission during the annual fund drive for funds. Will you do yours?

Seventh Ward Methodists Hold Quarterly Meeting

Dr. T. H. Morris, District Superintendent Presides; Elected Officers Confirmed

At Mahoning Methodist church, on Thursday evening, Dr. T. H. Morris, district superintendent of the Mahoning district of the Methodist church, presided over the fourth quarterly conference business session, in the church parlors. He opened the meeting with a devotional period. Mrs. Q. E. Davy was the recording steward.

Rev. J. L. Petrie, the pastor, made his annual report on the work of the church; Lawrence C. Godwin, superintendent, gave the Sunday school report; the Women's Society of Christian Service report was given by Mrs. Ralph Scowden; Kenneth Gibson, church treasurer, reported the income and expenditures for the year; board of trustees report was made by President Q. E. Davy; Leonard Blasdel, church lay leader, made his annual report.

The business of the church showed that the church has had a good year, not only increasing its

local budget for running expenses, but also in missionary giving.

The pastor presented the names of trustees, stewards, and other committees, and they were confirmed by the conference.

Trustees include: Q. E. Davy, Chester Johnson, Ralph Taylor, R. C. Cather, M. A. Boyd, Leonard Blasdel, Kenneth Gibson, R. M. Barnes, and W. H. McClurg. Stewards are: J. Frank Barnes, John Parker, Alva Johnson, Mrs. J. M. Conn, Mrs. J. A. Waddell, Miss Ina Cooper, Mrs. Myrtle Miller, Mrs. Q. E. Davy, Mrs. George Kutz, Mrs. Ralph Scowden, Mrs. W. O. Shaw, Mrs. W. E. Weitz, William Johnson, Mrs. Harry Mowry, Mrs. Ray Horsman, Mrs. W. T. Jones, Mrs. W. H. McClurg, Raymond Tanner.

Alva C. Johnson was confirmed as church lay leader. J. M. Yates and George Meyer, who have served on the board for many years, and retired this year, were made honorary members of the board.

Dr. Morris expressed his pleasure at finding the church in good condition, and showed his appreciation to the officials.

The nominating committee has not yet named the official delegate to attend the annual conference session, to be held September 7 to 11, in Meadville.

Simpson Methodist Ladies Meet Thursday

There was a good attendance of members of Simpson Methodist Women's Society of Christian Service, on Thursday evening, at the cottage of Mrs. Wallace Shaffer, of East Brook. Devotions were in charge of Mrs. G. Edward Shaffer. Mrs. Robert Haigler was leader of the evening topic, "Spreading His Light In Burma". Mrs. Alice McCormick, Mrs. Isaac Llewellyn and Mrs. D. A. Campbell joining in the discussion.

Mrs. Llewellyn and Mrs. McCormick gave a vocal duet.

Business session was in charge of Mrs. Llewellyn when plans were made to pack purses with first aid kits, and miscellaneous articles, to send to the mission field; also planned to attend the W.S.C.S. fall conference at the Croton Methodist church.

A delicious lunch was served by the hostess, assisted by her daughter Shirley.

The group is scheduled to meet next with Mrs. Isaac Llewellyn, Friday evening, September 9.

Mrs. Heagerty Is Feted At Shower

At the home of Mrs. Perna Gittings of 4 East Cherry street, Mrs. Betty Jacobs was hostess to a group of friends at a recent party. The occasion was in honor of Mrs. James Heagerty, a recent bride, in the form of a kitchen shower.

Various games were the pastime of the evening, with prizes falling to Miss Verda Lou Blanton, Mrs. Ruth Froella and Mrs. Dorothy Heagerty.

A delicious lunch was served by the hostess, assisted by her mother, Mrs. Gittings.

The honored guest received many lovely gifts.

WE DON'T GO FOR CLICHES EXCEPT EVERY NOW AND THEN

We've always felt that the old cliché "the customer is always right," just wasn't so. But we'll have to admit in our business it applies. The customer is always right when he expects a dollar's worth for a dollar, and when he expects his automobile repair work to be done right.

The real test of automobile repair work is the customer who comes back. Let our mechanics service your car once, and our guess is you will be back again.

Death Of 'Wizard' May Wreck K.K.K.

By JOHN R. HENRY
(I. N. S. Staff Correspondent)

ATLANTA, Aug. 20.—Ku Klux Klansmen privately admit that the future of their cult could be wrecked by the sudden death of Dr. Samuel Green, stormy Imperial Wizard of the Night-Riders.

Dr. Green, the red-haired obstetrician who dreamed of building the so-called "invisible empire" into a nation-wide realm, died of a heart attack last night in his Atlanta residence.

He will be buried, apparently without Ku Klux rites. Mortuary attendants said no provision has been made for a Klan appearance at the funeral tomorrow afternoon.

Unidentified

The unmasked, but as yet unidentified members of the secret cult prepared, meanwhile, to choose a successor to Dr. Green, dynamo of the Kluxers' post-war resurgence.

One informant "predicted the 'Klan's number two man' probably would step into the flashy green costume that the doctor wore as Grand Dragon. The second-in-command withheld his identity.

There was widespread speculation, however, concerning the ability of a new leader to pilot the Kluxers with the skill that "Doc" Green did.

Consensus is that a less colorful operator easily could lead the KKK into oblivion.

On the other hand, a man more violent in his concept of white supremacy and other Kluxer

tenets could just as easily hurl the Klan into its death throes.

No Violence

Dr. Green said he had cautioned his Klansmen against "sticking their necks out" by participating in any violence or unlawful demonstrations. He recently banished the Chattanooga, Tenn., Klan and two Georgia Klaverns because some members were suspected of participating in threatened mob action.

Attitude of the Klansmen appeared to be voiced best by the admitted Kluxer who told International News Service:

"It's going to be mighty hard now to fill Doc Green's shoes."

Ex-Romanian King Officially Weds Bucharest Beauty

LISBON, Aug. 20.—(INS)—Ex-King Carol of Romania and the red-haired former Magda Lupescu were married Thursday night in a religious ceremony in Estoril, Portugal.

The Rev. Martinian Ivanovitch, superior of the Romanian church in Paris, officiated at the ceremony in the former monarch's home.

Carol and the former Mme. Lupescu, now Princess Helena, were married in an "in extremis" (death bed) civil ceremony in Rio de Janeiro two years ago when she was believed to be dying.

The religious wedding of Carol and the red-haired Bucharest beauty marks the culmination of one of the most publicized romances of the 20th century.

The 56-year-old former monarch, father of young King Michael, who succeeded Carol only to be deposed by the communists, had long made headlines in Europe and America via his association with Magda Lupescu, the glamorous commoner.

When Carol was forced to abdicate in 1940, it was even rumored that his love for Magda was in part responsible for the campaign to remove him from the throne. It was reported at that time that anti-semitic elements in Romania objected to the alleged influence of Mme. Lupescu, who was said to be part Jewish.

In July, 1947, when Magda appeared to be dying in Rio de Janeiro, she and Carol were dramatically married in a death-bed civil ceremony. The wedding was upheld by a Brazilian court.

"Assignment; America"

By INEZ ROBB

(Reg. U. S. Pat. Off.)
(Distributed By International News Service)

WESTPORT, Conn., Aug. 20.—

When the school bell tolls for millions of American kids next month, a unique educational institution will bake itself a cake, hoist a solitary candle, and celebrate its first anniversary as a going concern.

The school, whose teachers comprise the richest faculty in the world, is the Institute of Commercial Art, Inc., owned and operated by a group of the most successful commercial artists in the U. S. A.

This seat of learning, by correspondence course only, is located at Westport, long the tribal stamping ground of the feisty rich practitioners of the arts and literature.

Future Artists

And if the above-mentioned educational institution has its way, a new generation of equally successful artists will be crowding this segment of Connecticut in the rosy future.

For the Institute of Commercial Art, Inc., aims to teach its students how to be as successful as its faculty, which includes such top commercial artists and illustrators as Norman Rockwell, Al Dorne, Al Parker, John Whitcomb, Steve Delahanty, Fred Ludekens, Ben Stahl, John Atherton, Peter Helck, Harold von Schmidt, Robert Fawcett, Gilbert Bundy and Austin Briggs.

When one of these lads takes in a mere \$50,000 during any twelve months, it can be charged off to laziness. The take is usually two to three times this minimum.

Al Dorne, one of the nation's top illustrators, sparkplugged the school. Over luncheon, Mr. Dorne, whose rags-to-riches story beats anything in the collected works of Horatio Alger, said he had been mulling over the idea for years.

Ever since he reached the top of the heap, kids with artistic ambitions have beaten a path to his studio, asking for help and advice. Dorne, who was born in a cold water flat in a New York slum and had to leave school at 13 to help support his family, was always more than sympathetic.

Mr. Dorne discovered that Mr. Dohanos, one of nine children of Hungarian immigrants, felt the same way. Mr. Dohanos started to work at 11. He managed to attend night classes at the Cleveland Art school, and a scholarship helped him along the way.

Other men now on the faculty had had almost the same difficulties. Mr. Dorne canvassed the lot. They decided that if they buckled down to it, they could produce a correspondence course that would teach young artists the know-how and skill each had acquired so painfully.

"I guess it cost each of us a minimum of \$50,000 in time and commissions during the year it took us to write and draw what we all thought ought to go into a correspondence course," Mr. Dorne said.

But at the end of that period, the thirteen artists had produced in collaboration a basic two-year course of 24 lessons (one per month), which contains 6,000 illustrative drawings plus text! The course is literally visual education at its best.

Students must complete four to five drawing assignments each month, which in turn are corrected by experts who also dictate a two-page critique of each student's work.

The basic course cost \$247. Advanced correspondence courses, one year each, are given directly by any of the thirteen artists with whom a student wishes to specialize, at a cost of \$235.

The school, which started almost a year ago with a three-cent stamp, today has a nationwide enrollment of 1,400 would-be Rembrandts and Grandma Moseses, who range in age from 11 to 84, and vary in professions from plumber and medic to students and artists who want professional know-how.

A special course in cartooning, under the supervision of Rube Goldberg, Pulitzer prize winner, is now being drawn up and written by such experts as Al Capp, Willard Mullin, Chester Gould, George Clark and Milton Caniff.

"It's too early in the game to know if we are going to turn out any geniuses," Mr. Dorne, who is president of the institute, said. "But we've got some likely prospects."

Finnish Police Raid Communist Party Meeting

HELSINKI, Aug. 20.—(INS)—Finnish police raided a communist party headquarters Friday and arrested 17 persons in an effort to break a spreading general strike. Twenty major industries already are paralyzed.

The government of Premier Karl Fagerholm, who blames the strike on communist agents trying to seize power in Finland, has mobilized troops to stamp out violence which so far has claimed one life and caused many injuries.

The anti-communist raid took place at the timber-shipping port of Kemi on the gulf of Bothnia, which separates Finland from Sweden.

No Specific Charges

No specific charges were announced against those arrested. But recent government announcements concerning the strikes indicated that all responsible will be charged with political conspiracy to overthrow the regime.

In accordance with prearranged plans, thousands of lumberjacks, timber-floaters and plumbers joined the strikes.

There were signs of a "back to work" movement, however. About half the workers at the Kemi wood pulp mills returned to work under guard of 500 soldiers sent into action to reinforce the local police.

A number of bakers and brewers also returned to work. But all of Finland's ports—backbone of the country's industry and commerce—were totally strikebound with the exception of Fredrikshamn and Borja. Both are on the gulf of Bothnia.

WHAT IS CHARM?

"I have read and heard so much about 'charm.' Is it possible to develop 'charm' as an asset or is it something one is born with? Can you give some hints to those of us who were not favored with it by the gods? Or are we hopeless?"

Answer: According to the dictionary charm is: "That which fascinates." When a person has charm you know it—even though you don't know why. You are correct in referring to charm as indefinable, for it is very difficult to describe. It is a magnetic, pleasing quality that everyone recognizes and by which everyone is drawn to its possessor. It has little to do with beauty for a rather homely woman may have an overabundance of charm. However, there are a number of simple and easily acquired attributes that are essential to its development, among these:

A good appearance, poise and a graceful figure, a cultivated speaking voice, and agreeable disposition, a gracious manner; tact in dealing with others. Buoyant health is one of the most important items in the charm list. No woman who is low in vitality or depressed can be entirely attractive or charming. Cleanliness, neatness and a generally attractive appearance will certainly give a woman physical charm, which is a great help in developing magnetism. If a woman has the rare combination of physical attractiveness and congenial charm, the world is hers for the asking.

Question: If a bride has a sister and will have only a maid-of-honor at her wedding, must she choose her sister rather than a life-long friend?

Answer: Not necessarily. She may choose whom she pleases. But to prevent hurt feelings, she might have both in her wedding party.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

Around Hollywood

By FRANK NEILL

(International News Service Staff Correspondent)

HOLLYWOOD, Aug. 20.—Bob

Hope loves everybody. And that, he figures, is why he feels so great.

Old ski-nose, a comic turned philosopher for the nonce, allowed as how he is quite capable of conning himself in the looking-glass and deciding when he needs an additional three hours of sack time.

"In other words," said Rabid Robert today, "I take good care of Hope. I particularly watch that my digestion is good."

Some Stamina

A personal poster pitched most consistently at Bob is how does he stand the gaff of motion pictures,

radio, appearances all over the civilized globe, benefits and the steady influx of people wherever he happens to be.

"My answer to that one is simple as Simon," he explained. "I know how I feel. I feel fine. I never weary of meeting people. I love them. The more the merrier."

"While I do have moments to myself—yes, I do, Junior—I'm not that much of an egotist that I find them engrossing. I prefer to be with other guys and gals."

Lot Of Fun

"It's all a lot of fun," he said. "When you're getting your kicks you always feel swell and in top condition. How could I get sick or

fed up with activities at the rate that I enjoy 'em!"

Hope never over-eats.

For relaxation he has golf.

"Best exercise I know. Fresh air. Lots of walking. If I have any serious problems to get out of my mind, I turn to golf. It makes for a terrific forgetter of one's self. Even playing with Crosby."

"Life's a pleasure," he said. "I wouldn't give one little bit of it up for the world. You can't wear me out."

"But I have a question to ask in return: 'How're you doing, kid?'"

MOST BEAUTIFUL CAT

CINCINNATI—The ocelot is the most beautiful marked of all cats. Its fur is soft and marked with black spots and stripes against a tawny background. No two are ever alike.

Florida, with 5,000,000 tons, has half of the phosphate rock reserves in the United States.

Wise 'Borrowing'...

IF YOU can make regular monthly payments, a personal bank loan can:

- Clear up a group of bills
- Finance emergency expenses
- Pay for medical or dental attention
- Help educate your children
- Improve your home
- Accomplish many worth-while objectives

It's wise to borrow for sound reasons.
